Disclaimer

National Government Services, Inc. has produced this material as an informational reference for providers furnishing services in our contract jurisdiction. National Government Services employees, agents, and staff make no representation, warranty, or guarantee that this compilation of Medicare information is error-free and will bear no responsibility or liability for the results or consequences of the use of this material. Although every reasonable effort has been made to assure the accuracy of the information within these pages at the time of publication, the Medicare Program is constantly changing, and it is the responsibility of each provider to remain abreast of the Medicare Program requirements. Any regulations, policies and/or guidelines cited in this publication are subject to change without further notice. Current Medicare regulations can be found on the [CMS website](#).

No Recording

- Attendees/providers are **never** permitted to record (tape record or **any** other method) our educational events
- This applies to our webinars, teleconferences, live events and any other type of National Government Services educational events

Objectives

- Provide coverage criteria for the screening glaucoma benefit and promote awareness of the preventive benefits covered by Medicare

Agenda

- Screening for Glaucoma Coverage
- Preventive Services Resources
- Other Resources

Glaucoma Screening

- High-risk patients
 - Individuals with diabetes mellitus
 - Individuals with a family history of glaucoma
 - Black or African-Americans age 50 and over
 - Hispanics or Latinos age 65 and over

Glaucoma Screening Components

- Includes
 - Dilated eye examination with an intraocular pressure (IOP) measurement **and**
 - Direct ophthalmoscopy examination or a slit-lamp bio microscopic examination

Billing: Procedure Code (HCPCS)

Code	Description
G0117	Glaucoma screening for high risk patients furnished by an optometrist or ophthalmologist
G0118	Glaucoma screening for high risk patients furnished under the direct supervision of an optometrist or ophthalmologist

Billing: Diagnosis Code (ICD-10-CM)

Code	Description
Z13.5	Encounter for screening for eye and ear disorders

Frequency

- Maximum of once every 12 months
 - 11 full months must have past

Cost-Sharing and Reimbursement

- Cost-sharing
 - Deductible applies
 - Coinsurance applies
- Reimbursement
 - Medicare Physician Fee Schedule
 - [Our website](#) > Fee Schedule Lookup
 - Nonparticipating provider reduction and limiting charge provisions apply

Common Remittance Denials

- Benefit maximum for this time period has been reached
- Services not covered unless patient is classified as at high risk

Documentation

- One of the high-risk groups
- Appropriate screening was performed
- Legible signature of person performing service with credentials

Preventive Services

Medicare covers many preventive services to keep your patients healthy. Preventive services can help find health problems early, when treatment works best, and can help keep your patients from getting certain diseases. Talk to your patients about which preventive services are right for them and how often they need them.

If you're a person with Medicare, [learn about all preventive services](#).

Flu Shot Billing & Coverage

- Effective September 20, 2021, **Flu & Pneumococcal Vaccines: Expanded [SNF Enforcement Discretion for Certain Pharmacy Billing](#)**
- [Get payment allowances & effective dates for the 2021-2022 season](#)

Frequency & Coverage

- The CDC recommends annual flu shots for everyone 6 months and older by the end of October or as soon as possible each flu season.
- Medicare Part B covers 1 flu shot per flu season.
- We cover additional flu shots if medically necessary. Patients can get flu shots twice in a calendar year during 2 different flu seasons, and we'll pay for both shots.
- Your patients pay nothing if you accept assignment. There's no copayment, coinsurance, or deductible.

Billing

- All providers who administer the flu shot must accept assignment.
- You may use roster billing or submit an individual claim. [Learn more about roster billing, mass immunizers, and centralized billing.](#)
- Entities, like local health facilities, must get a [national provider identifier \(PDF\)](#) if they've never submitted Medicare claims.

Alcohol Misuse and Counseling

The USPSTF recommended statement definitions:

- Risky, hazardous, or harmful drinking which places an individual at risk for future problems with alcohol consumption. Alcohol consumption becomes hazardous or risky when consuming:
 - greater than seven drinks per week, or greater than three drinks per occasion for women and persons 65 years and older, and
 - greater than 14 drinks per week, or greater than four drinks per occasion for men.

Alcohol dependence is defined as having at least three of the following:

- Tolerance
- Withdrawal symptoms
- Impaired control
- Preoccupations with acquisition and/or use
- Persistent desire or unsuccessful efforts to quit
- Sustained social, occupational or recreational disability
- Continuous use despite adverse consequences
