Dear Salutation,

Every five years, CMS requires you to revalidate your Medicare enrollment record. You need to update or confirm all the information in your record, including your practice locations and reassignments.

We need this from you by **Due Date**.

Failure to respond to this notice will result in a hold on your payments, and possible deactivation of your Medicare enrollment. If you are a non-certified provider or supplier, and your enrollment is deactivated, you will maintain your original PTAN, however will not be paid for services rendered during the period of deactivation. This will cause a gap in your reimbursement.

What record needs revalidating by **Due Date**

[Name] | NPI [NPI] | PTAN [PTAN]
Reassignments: <Only include this title if the record has any reassignments>
[Legal Business Name] | [dba Name] | [State abbrev.] | Tax ID [Tax ID, mask all but last 4 digits]

CMS lists the records that need revalidating at go.cms.gov/MedicareRevalidation.
