### WHO SHOULD COMPLETE AND SUBMIT THIS APPLICATION

All physicians, as well as all eligible professionals as defined in section 1848(k)(3)(B) of the Social Security Act must complete this application to enroll in the Medicare program and receive a Medicare billing number. Physicians and non-physician practitioners can apply for enrollment in the Medicare program or make a change in their enrollment information using either:

- The Internet-based Provider Enrollment, Chain and Ownership System (PECOS), or
- The paper CMS-855I enrollment application. Be sure you are using the most current version.

For additional information regarding the Medicare enrollment process, including Internet-based PECOS and to get the current version of the CMS-855I, go to <a href="https://www.cms.gov/MedicareProviderSupEnroll">https://www.cms.gov/MedicareProviderSupEnroll</a>. Complete this application if you are an individual practitioner or eligible professional who plans to bill

- Currently enrolled in Medicare to order and certify and want to enroll as an individual practitioner to submit claims for services rendered.
- An individual practitioner or eligible professional who has formed a professional corporation, professional
  association, limited liability company, etc., of which you are the sole owner.
- Currently enrolled in Medicare and you received notice to revalidate your enrollment.
- · Previously enrolled in Medicare and you need to reactivate your Medicare billing number to resume billing.
- Currently enrolled in Medicare and need to enroll in another Medicare Administrative Contractor's (MAC's)
  jurisdiction (e.g., you have opened a practice location in a geographic territory serviced by another MAC).
- Currently enrolled in Medicare and need to make changes to your enrollment information (e.g., you have added or changed a practice location).
- · Voluntarily terminating your Medicare enrollment.

If you provide services in an entity setting, you will also need to complete a CMS-855R (Reassignment of Medicare Benefits), for each entity that you reassign your benefits. If you terminate your association with an entity, use the CMS-855R to report that termination.

NOTE: For the purposes of this section of this application, an entity is defined as an individual, private practice, group/clinic, or any organization to which you will reassign your Medicare benefits.

### BILLING NUMBER AND NATIONAL PROVIDER IDENTIFIER INFORMATION

The Provider Transaction Access Number (PTAN), often referred to as a Medicare Supplier Number or Medicare Billing Number is a generic term for any number other than the National Provider Identifier (NPI) that is used by a practitioner to bill the Medicare program.

The NPI is the standard unique health identifier for health care providers and suppliers and is assigned by the National Plan and Provider Enumeration System (NPPES). To enroll in Medicare, you must obtain an NPI and furnish it on this application prior to enrolling in Medicare or when submitting a change to your existing Medicare enrollment information. Applying for the NPI is a process separate from Medicare enrollment. To obtain an NPI, you may apply online at <a href="https://nppes.cms.hhs.gov">https://nppes.cms.hhs.gov</a>. For more information about NPI enumeration, visit <a href="https://www.cms.gov/NationalProvidentStand">www.cms.gov/NationalProvidentStand</a>.

NOTE: The Name and Social Security Number (SSN) that you furnish in section 2A and if applicable Legal Business Name (LBN) and Tax Identification Number (TIN) you furnish in section 4A must be the same Name, SSN, LBN and TIN you used to obtain your NPI. Once this information is entered into PECOS from this application, your Name, SSN, LBN, TIN and NPI must match exactly in both the Medicare Provider Enrollment Chain and Ownership System and the National Plan and Provider Enumeration System.
