Disclaimer

National Government Services, Inc. has produced this material as an informational reference for providers furnishing services in our contract jurisdiction. National Government Services employees, agents, and staff make no representation, warranty, or guarantee that this compilation of Medicare information is error-free and will bear no responsibility or liability for the results or consequences of the use of this material. Although every reasonable effort has been made to assure the accuracy of the information within these pages at the time of publication, the Medicare Program is constantly changing, and it is the responsibility of each provider to remain abreast of the Medicare Program requirements. Any regulations, policies and/or guidelines cited in this publication are subject to change without further notice. Current Medicare regulations can be found on the [CMS website](#).

Recording

Attendees/providers are never permitted to record (tape record or any other method) our educational events. This applies to webinars, teleconferences, live events and any other type of National Government Services educational events.

Objective

Provide an overview of the IPPE

Encourage providers to promote and educate beneficiaries in life-saving preventive services and screenings

Assist providers in billing for IPPE so claim denials may be avoided

Today's Presenters

- Provider Outreach and Education Consultants
 - Jeanine Gombos, LPN
 - Andrea Freibauer

Agenda

Preventive Services Overview

Preventive Services Overview

- CMS recognizes the importance of disease prevention, early detection and lifestyle modifications that support the health of Medicare beneficiaries
- Medicare pays for over 30 preventive benefits, including
 - Shots and vaccines
 - Wellness visits
 - Diabetes-related services
 - Tests and screenings
 - Counseling and therapies
 - Mental health services

Did You Know

- A beneficiary must be enrolled in Medicare Part B to be covered for any Medicare preventive services

How Can Medicare Beneficiaries Keep Track of Their Preventive Services?

- [Are You Up-To-Date on Your Medicare Preventive Services checklist](#)

Are You Up-To-Date on Your Medicare Preventive Services?

Medicare pays for many preventive services to keep you healthy. Ask your doctor what services are right for you.

[Medicare.gov](https://www.Medicare.gov)

Medicare

- One time "Welcome to Medicare" preventive visit—get this visit within the first 12 months you have Medicare Part B (Medical Insurance)
- Yearly "Wellness" visit—get this visit 12 months after your "Welcome to Medicare" preventive visit or 12 months after your Part B coverage starts
- Abdominal aortic aneurysm screenings
- Alcohol misuse screenings & counseling
- Bone mass measurements
- Cardiovascular behavioral therapy
- Cardiovascular disease screenings (cholesterol, lipids, triglycerides)
- Cervical & vaginal cancer screenings
- Colorectal cancer screenings
- Counseling to prevent tobacco use & tobacco-caused disease
- COVID-19 vaccines
- Depression screenings
- Diabetes screenings
- Diabetes self-management training
- Flu shots
- Glaucoma screenings
- Hepatitis B shots
- Hepatitis B Virus (HBV) infection screenings
- Hepatitis C screenings
- HIV (Human Immunodeficiency Virus) screenings
- Lung cancer screenings
- Mammograms (Breast cancer screenings)
- Medical nutrition therapy services
- Medicare Diabetes Prevention Program
- Obesity behavioral therapy
- Pneumococcal shots
- Prostate cancer screenings
- Sexually transmitted infection screenings & counseling

For more details about Medicare's coverage of preventive services, including your costs in Original Medicare, visit [Medicare.gov/publications](https://www.Medicare.gov/publications) to view or print the booklet "Your Guide to Medicare Preventive Services."

You have the right to get Medicare information in an accessible format, like large print, braille, or audio. You also have the right to file a complaint if you feel you've been discriminated against. Visit [Medicare.gov/about-us/accessibility-nondiscrimination-notice](https://www.Medicare.gov/about-us/accessibility-nondiscrimination-notice), or call 1-800-MEDICARE (1-800-633-4227) for more information. TTY users can call 1-877-486-2048.

CMS Product No. 11420 • 05/2024

Deductible & Coinsurance for Preventive Services

- Medicare deductible and coinsurance waived for many preventive services
- [CR 7012](#), “Waiver of Coinsurance and Deductible for Preventive Services, Section 4104 of Patient Protection and Affordable Health Care Act, Removal of Barriers to Preventive Services in Medicare”

AWV Coverage

What Is an AWW?

- Visit to develop or update a personalized prevention plan to help prevent disease and disability, based on beneficiaries' current health and risk factors
- Not routine/annual physical examination

Benefits of AWW

- Provides ongoing focus on prevention
- Can be adapted as beneficiary's health needs change over time
- Individualized prevention plan

Who Is Covered?

- All Medicare beneficiaries who haven't received IPPE or AWW with PPS within last 12 months

Frequency

- Initial AWW providing PPS is one-time benefit
 - Provided after at least 11 full months passed since IPPE or
 - At least 11 full months passed since Part B entitlement date when no IPPE performed
- Subsequent AWW providing PPS is annual benefit
 - Provided after at least 11 full months passed since last AWW

Who Can Perform

- Physician
- Qualified NPP
 - NP, PA, CNS
- Medical professional (individual or team)
 - Health educator
 - Registered dietitian
 - Nutrition professional
 - Other licensed practitioner

AWV Components

Components of Initial AWW

- HRA
- Medical/family history
- List of current providers/suppliers
- Routine measurements
- Detection of cognitive impairment
- Review potential depression risk factors
- Review functional ability and level of safety
- Establish written screening schedule

Components of Initial AWW

- Establish risk factors and conditions
- Provide personalized health advice and referrals
- Provide advance care planning services
- Review current opioid prescriptions
- Screen for potential SUDs
- SDOH risk assessment

HRA

- AWW includes an HRA
 - Many different HRAs will meet minimum standards
 - Gives health care professionals flexibility to best fit beneficiary needs
- [A Framework for Patient-Centered Health Risk Assessments](#)

Performing an HRA

- At a minimum, collect this information
 - Demographic data
 - Health status self-assessment
 - Psychosocial risks
 - Behavioral risks
 - ADLs

Establish Patient's Medical & Family History

- At a minimum, document
 - Medical events of beneficiaries' parents, siblings, and children, including hereditary conditions placing them at increased risk
 - Past medical and surgical history (illnesses, hospital stays, operations, allergies, injuries and treatments)
 - Use of, or exposure to, medications, supplements and other substances

AWV & Review of Opioid Use

- Performed as part of review of medical and family history component
 - Diagnosis and treatment of OUD as appropriate
 - When beneficiary using opioids, assess benefit from other, non-opioid pain therapies instead
 - Even if beneficiary doesn't have OUD but possibly at risk
- CMS' [Addressing & Improving Behavioral Health](#) website includes information on OUD

Establish List of Current Providers & Suppliers

- Include current beneficiary providers and suppliers that regularly provide medical care, including behavioral health care

Routine Measurements

- Height
- Weight
- Body mass index (BMI) (or waist circumference)
- Blood pressure
- Other routine measurements deemed appropriate based on medical and family history

Detect Any Cognitive Impairments

- Check for [cognitive impairment](#)
- Assess cognitive function by direct observation or reported observations from the patient, family, friends, caregivers
- Consider using brief cognitive tests, health disparities, chronic conditions, and other factors that contribute to increased cognitive impairment risk
 - [Alzheimer's and Related Dementias Resources for Professionals](#)

Review Potential Depression Risk Factors

- Select from various standardized depression screening tools recognized by national professional medical organizations
 - [Depression Assessment Instruments](#)
- Depression risk factors include
 - Current or past experiences with depression
 - Other mood disorders

Review Functional Ability & Safety Level

- Use direct patient observation, appropriate screening questions, or standardized questionnaires recognized by national professional medical organizations to review:
 - Ability to perform ADLs
 - Fall risk
 - Hearing impairment
 - Home and community safety, including driving when appropriate
- Medicare offers [cognitive assessment and care plan services](#) for patients who show signs of impairment

Establish Screening Schedule

- Base written screening schedule on
 - Checklist for the next 5–10 years
 - [U.S. Preventive Services Task Force](#) and [Advisory Committee on Immunization Practices \(ACIP\)](#) recommendations
 - Beneficiaries' HRA, health status and screening history, and age-appropriate [preventive services](#) we cover

Establish Risk Factors & Conditions

- Include:
 - Recommendation for primary, secondary or tertiary interventions
 - Report whether interventions in progress
 - Mental health conditions, including depression, [substance use disorders](#) and cognitive impairments
 - IPPE risk factors or identified conditions
 - Treatment options and associated risks and benefits

Provide Personalized Advice & Appropriate Referrals

- Include referrals to educational and counseling services or programs aimed at community-based lifestyle interventions to reduce health risks and promote self-management and wellness, including
 - Fall prevention
 - Nutrition
 - Physical activity
 - Tobacco-use cessation
 - Social engagement
 - Weight loss
 - Cognition

Provide Advanced Care Planning

- Discuss preparing an advance directive in case an injury or illness prevents them from making their own health care decisions including:
 - Future care decisions they might need or want to make
 - How they can let others know about their care preferences
 - Caregiver identification
- Advance directive elements may involve completing standard forms
 - [Advance Care Planning](#) fact sheet

We don't limit how many times a Medicare beneficiary can revisit the ACP during the year, but cost sharing applies outside the AWW

Review Current Opioid Prescriptions

- For beneficiaries with a current [opioid](#) prescription
 - Review any potential OUD risk factors
 - Evaluate their pain severity and current treatment plan
 - Provide information about non-opioid treatment options
 - Refer to specialist, as appropriate
- [HHS Pain Management Best Practices Inter-Agency Task Force Report](#)

Medicare covers monthly [chronic pain management and treatment services](#)

Screen for Potential SUDs

- Review potential SUD risk factors and refer for treatment as appropriate
- Use of a screening tool is appropriate, but not required
 - [National Institute on Drug Abuse](#) has screening and assessment tools
- Review [Implementing Drug and Alcohol Screening in Primary Care](#) for additional information

SDOH Risk Assessment

- Starting in 2024, Medicare includes optional [SDOH Risk Assessment](#) as part of AWW
 - Must follow standardized, evidence-based practices
 - Ensure communication aligns with beneficiaries educational, developmental and health literacy level, as well as being culturally and linguistically appropriate

Subsequent AWW Components

- Update HRA
- Update to medical/family history
- Update list of current medical providers/suppliers
- Weight, BP, other routine measurements
- Detection of cognitive impairment
- Update to written screening schedule
- Update to risk factors and interventions
- Personalized health advice and referrals
- At beneficiary's discretion, advance care planning services

AWV FAQs

- Does it include clinical laboratory tests?
 - No, but you may make referrals for such tests as part of the AWV, as appropriate
- Can I provide other medically necessary services on the same date as an AWV?
 - Yes, but note that deductible and/or coinsurance may be applied, and additional coding requirements typically required for those services

Documentation

- When last AWW performed (subsequent only)
- When IPPE performed (if appropriate)
- Must show all required components performed
- Which appropriate HRA screening tool used

AWV Billing

TOBs

TOB	Description	TOB	Description
12X	Hospital inpatient (Part B)	71X	RHC
13X	Hospital outpatient	77X	FQHC
22X	SNF inpatient (Part B)	85X	CAH
23X	SNF outpatient		

Billing Requirements

- Report appropriate ICD-10 diagnosis code
 - No specific diagnosis code required
- Report appropriate revenue code
 - Report appropriate HCPCS code – one unit
 - G0438: Annual wellness visit; includes a personalized prevention plan of service (PPPS); initial visit
 - G0439: Annual wellness visit; includes a personalized prevention plan of service (PPPS); subsequent visit

Additional Billing Instructions for RHC/FQHC

- RHC
 - If only AWV provided, bill as stand-alone visit
 - If AWV provided on same DOS as another billable visit, bill AWV as incident to visit
- FQHC
 - Report payment code G0468 with revenue code 052X
 - Report AWV HCPCS code G0438 or G0439 as qualifying visit

Billing Requirements Advance Care Planning

- Optional element
 - Face-to-face conversation between physician or other qualified health care professional and beneficiary
 - Discuss beneficiary's wishes and preferences for medical treatment if unable to speak or make decisions in future
- Coinsurance and deductible waived only if
 - Done on same day and by same provider as covered AWW
 - Billed on same claim as covered AWW
 - Billed with modifier 33 (Preventive Service)

Billing Requirements Advance Care Planning

- Diagnosis code (no specific code required)
- Appropriate CPT code
 - CPT 99497 – ACP first 30 minutes
 - CPT 99498 – Each additional 30 minutes (add on code)

Payment

- AWW payment based on reasonable cost for
 - CAH Method I or Method II (TOB 85X)
- AWW payment made under MPFS for
 - Hospital inpatient Part B (TOB 12X) and hospital outpatient (TOB 13X)
 - SNF inpatient Part B (TOB 22X) and SNF outpatient (TOB 23X)
 - CAH Method II (TOB 85X)
 - For professional services for the AWW (in addition to the facility payment), when those charges are reported under revenue codes 096X, 097X, or 098X
- AWW payment made via AIR for
 - RHC (TOB 71X)
- AWW payment made via PPS for
 - FQHC (TOB 77X)

Beneficiary Cost-Sharing

- Deductible waived
- Coinsurance/copayment waived

Why AWV Claims Did Not Pay

- Initial AWV billed within 12 months of Part B coverage effective date (RARC N130)
- Initial AWV billed within 12 months of IPPE (RARC N117)
- A second initial AWV billed for same beneficiary (RARC N117)
- Subsequent AWV billed less than 12 months after previous covered AWV (RARC N130)
