Starting Out

- NGSMedicare and NGSConnex sign in page

The screenshot displays the National Government Services website's sign-in page. At the top left is the logo for National Government Services. The page is divided into two main sections: 'Access NGSMedicare' on the left and 'Log into NGSConnex' on the right. The 'Access NGSMedicare' section includes a description of the service and two dropdown menus labeled 'I am a...' and 'Please select', with an 'Enter' button below them. The 'Log into NGSConnex' section includes a description of the portal and two input fields for 'User ID' and 'Password', with an 'Enter' button below them. Below these sections are three logos: NPPES (National Plan & Provider Enumeration System), MU (Medicare University), and PECOS (Provider Enrollment, Chain of Ownership, and Certification System). At the bottom, there are links for 'About Us', 'Privacy Notice', and 'Site Map', along with the CMS logo and a copyright notice for 2023.

General Information

In certain circumstances, National Government Services or other contractors working under the CMS may need to request additional information with regard to claims submitted to the Medicare Program. The requests for additional information letters are called ADRs.

NGS or other CMS contractors may need to analyze claims to determine provider compliance with Medicare coverage, coding, and billing rules; therefore, any claim submitted to NGS can be selected for review and an ADR letter may be sent to a provider or supplier.

When a claim(s) is selected for review, an ADR letter is generated requesting medical documentation. To ensure payment is appropriate and supports the submitted charges, providers, suppliers and staff members of such

Left-Side Navigation

Annual Wellness Visits – Billing Tips for Physicians

After reviewing A.W.V. claim history submitted to the Part B MACs, P.O.E. has put together the following tips to help Medicare enrolled physician/providers improve AWV denials by:

- submitting an AWV before the patient is allowed their next annual visit (frequency),
- submitting an AWV when the patient has not been eligible for Medicare for one year (should bill welcome to Medicare),
- billing and initial AWV more than once (second and subsequent should be billed as subsequent AWV),
- duplicate submission of the AWV on one date of service,
- submission of modifier with the AWV code (typically modifier 25, not valid),
- submitting AWV to original Medicare when the patient is covered by Medicare HMO (submission to wrong contractor) and
- separate evaluation and management services can be provided and billed at the same visit as the welcome to Medicare or AWV, provided the services are significant, separately identifiable and medically necessary to treat the beneficiary's illness or injury.

For more information, visit the MLN® Medicare Wellness Visits.
