

National Government Services Medicare Part B 2024 Spring/Summer Virtual Conference

Mastering Medicare: Tuesday Tutorials

We're excited to share the Tuesday Tutorial lineup for our Medicare Part B 2024 Spring/Summer Virtual Conference!

We've dedicated Tuesdays in the month of June to deliver educational topics that will aid our provider community in Mastering Medicare.

As you can see below, we have a lot to share. Week 1 topics focus on evaluation and management with a let's chat session wrapping up the day to address any unanswered questions you may have. Week 2 topics focus on appeals, top claim errors and more. Week 3 is dedicated to Medicare Secondary Payer, and Week 4 includes proper claim submission guidance, how to avoid unprocessable claims and more.

Registration for these free sessions is available on our website, NGSMedicare.com, under the [Events](#) tab, or you may register below. All webinars are held in eastern time (ET). You may register for as many as you'd like.

Since a MAC is presenting this information, all webinar attendees will be eligible to receive 1 MUC and 1 CEU with the AAPC per hour of education if you are a CPC. Please remember, if you will be reporting CEUs to the AAPC you will need to keep your email registration confirmation as proof of session for any future AAPC audit. If you do not have a registration confirmation in your name, you will not be able to report CEUs with the AAPC. Let's Chat sessions do not qualify for associated credits.

Please note: This virtual conference does not include Part A or Durable Medical Equipment provider education. Please check our Part A events web page for upcoming 2024 Spring Virtual Conference sessions.
