## National Government Services Medicare Part B Care Management September Series

According to the CDC, six in ten adults in the U.S. have a chronic disease and four in ten adults have two or more. As your Medicare Contractor for Jurisdiction 6 and Jurisdiction K, National Government Services is raising awareness of the benefits of care management services for Medicare beneficiaries with chronic conditions.

We're hosting this series of webinars that offer information about available care management services and guidance for proper billing of these services. Registration for these free sessions is available on our website, [NGSMedicare.com](http://NGSMedicare.com), under the [Events](#) tab, or you may register below. All webinars are held in eastern time (ET). You may register for as many as you'd like.

### Day 1 – Tuesday, September 9, 2025

Time	Title and Link to Register

Since a MAC is presenting this information, all webinar attendees will be eligible to receive 1 CEU with the AAPC per hour of education if you are a CPC. Please remember, if you will be reporting CEUs to the AAPC you will need to keep your email registration confirmation and follow up email as proof of session for any future AAPC audit. If you do not have a registration confirmation in your name, you will not be able to report CEUs with the AAPC.
